

Stake For Good

Invest & Help

29.06.2023

Problem

How to donate and still keep your money?

Thank God we have a solution

Stake For Good Validator Group

- Our idea is simple: Create a Celo staking group and funnel the gained interest toward your non-profit initiatives of choice
- Your initial investment stays the same, we are only participating in the interest gained

Product

StakeForGood (SfG) system architecture

Web 2 (Internet)

Stake For Good Web-App

 User

Register your investment
Choose initiatives that should benefit
View and trace your impact on the initiative

Initiatives

Receive funds raised by users
Enter projects that the money will be used for

 User

Lock Celo Gold and delegate Celo staking
to StakeForGood Validator Group

Business Case

- Validator node (self-hosted): 275€ per Month* (3.300 p.a)
- Average staking returns 5% p.a. on cGold
- Break-even on 16.5 full investments (ca. 80.000 €)
- Reminder: All investment funds stay with the initial owners, we are only profiting from the interest raised

Competition

- GoodDollar
- Toucan Return

Thank you.
